by SHAK B. BUDHATHOKI, PRAMOD BHATTA AND DEVENDRA UPRETY

### INTRODUCTION

This bibliography includes writings (books and book chapters, journal articles, published reports and grey literature) on public finance dynamics, governance and corruption in public service delivery in Nepal, with special reference to school education. We have included Materials written in both Nepali and English languages, however, we have not included theses and dissertations. In preparing this bibliography, we have accessed resources available at Martin Chautari Library, online catalogues of Tribhuvan University Central Library, Library of Congress and WorldCat. We have also looked at online databases of academic journals through JSTOR, Project MUSE, Google Scholar and other relevant websites. However, given the enormity of the topic, we do not claim that this is an exhaustive list; it is an evolving list which will be updated periodically. If you come across any items that are Missing or errors in the entries please let either of us know at: [shakbahadur.magar@gmail.com](mailto:shakbahadur.magar@gmail.com) or [upretydevendra@gmail.com](mailto:upretydevendra@gmail.com).
